No. 1

## Dr. McDonald Accepts New Life-Time Contract

According to the terms of a new contract recently issued by the Board of Trustees, Dr. Ralph W. McDonald will serve as president of the University until he reaches retirement age. The new contract replaces his original five-year contract which expired August 31.

Dr. McDonald, who was 53 last March, will become president emeritus of the University upon his retirement and will receive one half of his highest salary. His salary is set each year by the Board of Trustees.

### Educational Experience

Dr. McDonald came to Bowling Green five years ago after having completed seven years as executive secretary of the Department of Higher Education of the National Education Association in Washington, D.C. During five of the seven years he was also executive secretary of the National Commission on Teacher Education and Professional Standards.

For five years he was chairman of the department of psychology and education at Salem College, Winston-Salem, N.C.; he taught for two years plus two summer sessions at Duke University and was a graduate professor of education and associate director of extension at the University of North Carolina for four years.

DR. McDONALD

During the 1930's Dr. McDonald served a term in the North Carolina House of Representatives and for several years was president of the National Committee on Atomic Information and director of the North Carolina March of Dimes.

Under President McDonald's direction during the past five years the University has made vast gains both locally and nationally. Complete accreditation was realized two years ago with the admission of the College of Business Administration to membership in

the National Association of Collegiate Schools of Business.

### Receives Full Accreditation

With the above accreditation the University became the sixth institution of higher learning in Ohio with full accreditation for the colleges of liberal arts, business administration, education, the graduate school, and the departments of music and chemistry.

Curriculum revision and improvement have been given major attention by Dr. McDonald and two new degree programs in journalism and fine arts have already been instituted. Along with the branch programs already in effect in Sandusky and Mansfield the University will also offer extension courses in twenty-one communities in Northwest Ohio beginning this fall.

### Faculty Strengthened

During Dr. McDonald's administration the faculty has been constantly strengthened, so that it now ranks in the upper one-fourth among the accredited institutions of higher education in the nation in training. The proportion of full time faculty members with doctorate degrees has increased from six per cent in 1950-1951 to almost 50 per cent at present.

Faculty salaries have been increased an average of 70 per cent in the past five years. With this improved salary schedule the University is now able to attract the best qualified men and women available as new appointments for the faculty.

### Millions To Be Spent

Perhaps the most obvious progress on the campus under the President's leadership is the multi-million dollar plant expansion program. Two residence centers completed last year at a cost of \$2,350,000 are now being occupied by about 1,000 students.

Under construction at the present time are Founders Quadrangle which will accommodate 839 women students; a University Union which will be the second largest in Ohio and a Hall of Music which is designed for all phases of music instruction.

## All New Building Constructed To Accommodate 10,000 Students

All new buildings to be constructed at the University are being designed to handle an enrollment of from 7,500 to 10,000 students, Pres. Ralph W. McDonald announced at this year's first President's Press Conference, Monday, Sept. 24.

Dr. McDonald stated that most of these buildings are now in the planning stages and that the master plan for future building on the campus will be released for publication during the next two or three weeks.

The contractors were uncontrollably delayed in the construction of Founders Quadrangle, the President stated, but it is estimated that the residence hall and the dining rooms will be finished during this semester. The Hall of Music will be opened during the spring semester if plans work as scheduled and the Student Union should be completed by the second semester of the 1957-58 school year, he explained.

### \$800,000 Building

Preliminary plans have been completed for a new \$800,000 classroom building to house the departments of psychology, sociology, and speech. The contract for this building is expected to be let by next semester, the President added.

Contracts for the Home Economics Bldg. and the new fraternity residence houses are also expected to be assigned to contractors by the first semester of 1958 with the preliminary planning near completion.

The completion of Kohl Quadrangle with food service facilities to take the place of the Commons, and the new residence hall for women to be erected north of Ridge St., are now in the planning stages also, Dr. McDonald stated. It is hoped that construction of these buildings may begin by the winter of 1959.

The underground utilities sys-

## AWS Picnic Oct. 6, Features Peanuts

The AWS big sister-little sister picnic will be held Oct. 6 in the City Park, announced Linda Welshimer, chairman. Big and little sisters are to meet at 10 a.m. in front of the Administration Bldg.

Food for the picnic will be provided by the kitchen staffs of the dormitory dining halls. Soft drinks will be furnished by AWS. Details about where to pick up the lunches will be sent to the big sisters sometime next week.

A peanut hunt will be the new feature of the picnic with big and little sisters looking for peanuts which will be hidden throughout the park. A prize will be given to the girl who finds the most peanuts.

Freshman women who do not have a big sister yet and upper-class women who would like a little sister should contact Miss Welshimer as soon as possible.

Janet Riesing and Joycelyn Harden take the proper action when greeted by an upperclassman with "up, frosh." This is one of the forms of hazing the freshman must endure until the freshman-sophomore tug-of-war.

## 1,600 Frosh Complete Week Of Orientation

More than 1,600 freshmen and transfer students recently completed a four day period of university orientation, according to Ralph H. Geer, orientation week chairman and assistant to the Dean of the College of Education.

The orientation week was officially started with a breakfast, Wednesday, Sept. 23, sponsored by President Ralph W. McDonald, for the 50 faculty members and 118 students who were to be orientation leaders throughout the week.

Throughout the remainder of the week, the new students attended group meetings on subjects such as student activities, student life, personnel orientation, library orientation, religious groups and extra-curricular activities. The academic aptitude test and the reading test were also taken at this time.

At the Friday morning sectional meetings, faculty leaders discussed "The Faculty's Role in Education"; and on Saturday student leaders discussed "The Student's Role in Education."

One of the highlights of the orientation program was the dance for new students, held Sept. 21, in the Men's Gym. The dance, the first of its kind ever to be held, was entitled "Experiments in Space," according to George Howick and Herb Hipp, co-chairmen of the orientation social committee.

The students danced to the music of Bus Wismar's band, and brown and orange shakers were given to all women students as favors.

During intermission a short program was presented with Linda Wipior as mistress of ceremonies. Entertainment was provided by Roberta McCall and Carol Shaffer.

Chaperones for the dance were Dr. Melvin Hyman and Prof. Harmon Voskuil.

Saturday, all new students were invited to the football game, and the all-campus dance, after the game.

The climax of the orientation

week was the President's Reception Sunday afternoon in the Interim Falcon's Nest, for all new students, student and faculty leaders, and all those generally associated with the orientation committee.

Dr. Elden T. Smith, director of student life and services, was at the head of the orientation committee; and the student members were Ann Blackmar, Frances Plasecki, Chuck Richey, Mary Lou Wedertz and Phil Skapura.

## Key Editor Lists Hours For Senior Picture Takes

Senior pictures will be taken at the Key Office from Monday, Oct. 8 until Friday, Oct. 12, Ann Blackmar, editor of the KEY, has announced.

Appointments for pictures will be taken at the office from Monday, Oct. 1 until the last day pictures are taken. Seniors may make appointments during the following hours: Oct. 1-4, 3:30 to 5 p.m. and 6 to 8 p.m.; Oct. 8-12, 3:30 to 5 p.m. On Friday, Oct. 5, appointments will be taken all day at a table in the Well of the Administration Bldg.

Faculty members who were not pictured in last year's Key or who wish to have a new picture taken should make appointments during the same times, Miss Blackmar stated.

A sitting fee of \$1 is to be paid by the student at the time the picture is taken.

At the close of orientation week, freshman were treated to a 17-0 Falcon victory over the Kent States in which Larry Kent, BG halfback, blocked an important Golden Flash pass.

## Car Congestion Eased With Two New Lots

By JEFFREY OSOFF

In connection with the vast building program now under way on the campus, two new parking lots are under construction and are scheduled to be completed within the next two months.

The lots, originally scheduled to be completed during the summer, were delayed due to the action of the State Director

## OSU Calls Halt To Freshmen Drivers

Freshmen students at Ohio State University were not allowed to bring cars to the campus this fall unless they were commuters. Novice G. Fawcett, president of Ohio State University, recently announced.

Dr. Ralph W. McDonald, president of Bowling Green State University, announced in a recent press conference that the University will continue allowing freshmen students to have cars on this campus.

The President stated that although the University does not encourage students to bring cars to the campus due to the parking problem, if the student feels that the car is needed, he can feel free to bring it.

Dr. McDonald stated that Bowling Green does not intend to ban any class or group of students from having cars on the campus.

## ZBT Tops Men In Scholarship

Zeta Beta Tau topped the list of 16 campus fraternities by obtaining a composite grade average of 2.702 for actives and pledges for the second semester of the past academic year.

Sigma Phi Epsilon, the fraternity that had held first place last spring compiled an average of 2.615, and ended up in second place.

The other fraternities in order were Kappa Sigma, Sigma Chi, Delta Tau Delta, Phi Kappa Psi, Alpha Tau Omega, Theta Chi, Pi Kappa Alpha, Phi Kappa Tau, Sigma Nu, Delta Epsilon, Sigma Alpha Epsilon, Alpha Kappa Omega, Delta Upsilon, and Phi Delta Theta.

The all-campus average for the semester was 2.511, an increase over the first semester's average of 2.401. The all-fraternity average, including the pledges, was 2.391. The all-men's average was 2.375 and the all non-fraternity average was 2.359.

Phi Kappa Psi made the largest gain over the previous semester, raising its average .157. Alpha Kappa Omega gained a .151 boost.

The average for the Zeta Beta Tau actives was 2.919, and the Sigma Phi Epsilon pledges received a 2.571 topping the rest of the pledge classes.

Final averages for the fraternities, except for ZBT and Sigma Phi Epsilon follow: Kappa Sigma, 2.539; Sigma Chi, 2.448; Delta Tau Delta, 2.429; Phi Kappa Psi, 2.423; Alpha Tau Omega, 2.416; Theta Chi, 2.414; Pi Kappa Alpha, 2.376; Phi Kappa Tau, 2.354; Sigma Nu, 2.326; Delta Epsilon, 2.321; Sigma Alpha Epsilon, 2.269; Alpha Kappa Omega, 2.251; Delta Upsilon, 2.250; and Phi Delta Theta, 2.244.

## Chief Justice Ashley Announces Court Plans

Office hours for the Clerk of Student Court will be from 2:30 p.m. to 4:30 p.m., Monday through Friday, in 115 Administration Bldg., Fred Ashley, chief justice of Student Court, has announced.

Students receiving tickets from campus policeman for violations may pay their fines to Martha Glosser, the clerk, at that time. The student may also arrange for a court appointment to appeal his case, if he so desires.

The court will be held at 3:30 p.m. every Monday in the conference room adjacent to the Dean of Students Office in the Administration Bldg., Ashley said.

The B-G News will not publish on Tuesday, Oct. 2 as originally planned. The next issue of the paper will be one week from today, Friday, Oct. 5.

of Public Works, who must by law award all contracts for such work on state university campuses. After the University had received bids for construction on the two lots, the State Director decided that the specifications should be changed, and it was necessary to advertise for new bids.

At a press conference last week, Dr. Ralph W. McDonald said that the first of the two new lots which will accommodate 120 faculty and employee automobiles will be completed and ready for use within two to three weeks. The other, located behind the football field and accommodating 800 student automobiles will be completed during the latter part of November.

### Additional Lots Planned

Not only have plans been made for the most efficient use of all available space, but two additional areas are also being prepared as temporary student lots. One will be located east of the Fine Arts Bldg., the other north of the Chemistry Bldg.

Besides this, additional parking spaces are being set aside for faculty and other employee parking on the campus. The Natatorium lot, formerly for student parking, will be assigned to faculty and employee vehicles.

Plans further provide for clear marking of all parking areas. Those for student parking will be plainly marked, as well as areas for faculty and other employee parking. Regulations regarding parking will be strictly enforced. Students will be prohibited from parking in faculty-employee areas with the reverse also holding true. Every member of the University, whether student, employee, or faculty member, will be subject to fines for improper parking.

### Must Register Cars

William J. Rohrs, director of safety, will have additional personnel assigned to parking areas during the first two weeks of the school year in order to help acquaint everyone with the parking area and regulations. He has also prepared a campus map which shows student parking areas and faculty-employee parking areas in different colors. Copies of this map

(Continued on page 2)

## Student Court Lists Violations

Any student who violates the University automobile regulations will be subject to fine by the student Court.

Any student convicted by the Court for a violation of parking regulations shall, for a first offense be fined not more than \$1, for a second offense within one year thereafter not more than \$3, and for a third or subsequent offense within one year after the first offense shall be fined not less than \$5.

A student convicted by the Court of a violation of any of the provisions of the Bowling Green State University traffic regulations for which a specific penalty is not otherwise specified may be fined by the Court not less than \$1 nor more than \$25 for the first offense, for a second offense within a year thereafter not less than \$5 nor more than \$50, and for a third or subsequent offense within one year after the first offense not less than \$10 nor more than \$100.

In addition to the authority to levy fines, the Court shall have authority to impose, for any violation of the automobile regulations of the University, either of the following penalties: (1) temporary revocation of the student's automobile permit or (2) full revocation of a student's automobile permit, requiring that the automobile be returned to the student's home immediately.

Any student convicted by the Student Court may appeal his conviction to the Dean of Students, who may waive or alter the conviction.

## Welcome Students

The entire staff of the B-G News takes this opportunity to welcome all the freshmen, transfer students, and returning students to the campus and to wish them success during the year to come.

The B-G News is organized as an organ of information for the benefit of the entire student body. As such, it will try at all times to keep them informed of campus happenings.

We hope that students will feel free to write to the B-G News and to visit our offices. We're open all day and sometimes part of the night at 315 Administration Bldg. behind the journalism offices.

## President's Greeting

To the Students of Bowling Green State University:

A friendly welcome to all of you. No other feeling equals the heart-warming experience of greeting old friends as we return to the campus to begin another year of fellowship and study together. Nearest to this feeling is the joy of meeting and making new friends. And this year, with probably the highest calibre returning student body and new freshman class in the history of the University, the campus is truly a wonderful place.

You have probably been impressed, as I have, with the spirit that pervades the entire campus. All of us know that we are part of a great University that is making remarkable progress in every respect. Bowling Green State University is really moving ahead—in the calibre of its student body, in the strength and quality of its faculty, and in the effectiveness of its educational program. Underlying the remarkable advancement of the University is a spirit of unity, loyalty, and cooperation that makes all of us tingle with pride and expectation. The spirit was demonstrated on the football field Saturday night when our team served notice—and very convincingly—that Bowling Green State University is to be reckoned with in athletics as well as in the classroom. I see signs of the same kind of spirit throughout the campus.

This should be a great year for the University and for every individual connected with it. We certainly have the finest student body and the ablest faculty since the University was founded. Working together, we can advance to an even higher level the standards of excellence for which Bowling Green State University is becoming widely known.

You chose Bowling Green State University because you wanted a real university education that will stick with you the rest of your life, that will mark you as an individual of capability for achievement beyond that of the typical college graduate. This is the reason why so many more of you every year are going right on through to graduation. It is the reason why the University is able to make such unusual progress, especially in its academic standards. If you wanted easy courses or a water-down degree, you would not have chosen Bowling Green State University. It is true that our standards are high and our courses are tough; but that is why most of you elected to come here in the first place. A degree from this kind of institution will pay large dividends all the rest of your life.

Our aim for you is exactly the same as your goal for yourself: the highest quality, best-rounded, and most effective education that can be achieved for you as an individual student.

Excellence is our key. Let's make everything we do in 1956-57 the best our combined efforts can make it—in the classroom, in the residence halls, in the fraternities and sororities, in our student activities, in athletics, and even in the little things that make up our daily lives.

My sincere personal desire for every one of you is that this may be the most fruitful and the happiest year you have ever had.

Ralph W. McDonald  
President

## Thomas Kinstle Named Scholarship Alternate

Thomas H. Kinstle, a junior majoring in chemistry, has been selected as the alternate for a National Association of Manufacturers scholarship.

Kinstle has also been invited to be the association's guest from the Michigan-Ohio region at the Congress of American Industry to be held in New York during the month of December.

Kinstle would succeed to the two-year, \$1,000 scholarship in case the winner, a student at West Virginia Institute of Technology, should become ineligible during the first year.

56 Students On  
Dormitory Staffs

Approximately 56 students hold positions this semester as counselors and assistant head residents in dormitories on campus.

Counselors at Prout Hall are Patti Denney, Dede Houser, Lois Webster, and Dolores Osborn; Ivy Hall, Roberta McCall; Williams Hall, Alice Roswurm, Betty Willson, Rachel Yeasting, and Anita Vaccariello.

Kohl Hall, Faye Lou Beard, Janice James, Sally McClements, Joan Linderman, Sue Miller, and Delores Olenick; Shatzel Hall, Gloria Morgan, Patricia Reichart, Mary Rae Smith, Bette Landman, and Sharon Camp.

Treadway, Mary Anderson, Mary Kathleen Fogarty, Joan Ruppner, Lois Taraschke, and Margaret Connolly.

Rodgers Quadrangle, Chester Arnold, Irwin Bacon, Charles Bunker, Donald Cook, Eugene Davis, James Dierickx, Robert Furnas, Gary Gravette, Ed Janeway, Richard Kamienicki, Gene Lamb, Jess Myers, Robert Page, Charles Perry, William Polk.

Robert Rask, Charles Richey, Robert Rudd, Richard Schinski, Dave Smalley, Chomer Smith, Norman Spear and Edward Ward.

Serving as assistant head residents in Rodgers are Dick Weaver, Bill Barry, Bob Hanrahan, Gene Beard, Bruce Hammond, Jim Bonovan, Al Rava, Rodgers Northwest and Robert Schults, Rodgers Northeast.

Entertainers' Union  
To Be Organized

Students interested in forming an entertainer's union on the campus should attend the first meeting of this group to be held Monday at 7 p.m. in the Gate Theater Auditorium.

The purpose of this group will be to give students who are interested in the field of entertainment a chance to perform for campus organizations.

The union, which will be formed if the turnout is sufficient, will appear gratis before fraternities, sororities, and other campus organizations. They will also present two or three variety shows during the year.

Any student with talent in any of the entertainment fields including instrument playing, bands, pantomimes, and comedy routines are invited to attend the meeting.

This group will not be connected with the theatrical activities and clubs now present on campus. They plan to apply for official University recognition as an entertainer's union.

## Parking

(Continued from page 1)  
are available to everyone at the University.

Every student attending the University who brings an automobile to Bowling Green must register the automobile with the Department of Safety within 24 hours after his arrival. The fee is \$5 and payment covers the entire academic year.

In order to register his automobile, the student must present:

1. Evidence of paid-up insurance, including liability, property damage, and medical payment.
2. A valid driver's license.
3. A written statement from his parent or guardian approving his having an automobile, if the student is under 21 years of age.

Students are prohibited from operating or parking a motor vehicle in the area bounded by Wooster St. on the south, Thurston Ave. on the west, Ridge St. on the north, West Fraternity Row on the east, between the hours of 7 a.m. and 5 p.m. Monday through Friday and between the hours of 7 a.m. and 1 p.m. on Saturday.

Everyone connected with the University who drives an automobile will be required to register his automobile. Failure to register a vehicle constitutes a violation, and the violator is subject to a minimum fine of \$25 or required withdrawal from the University.

Last spring while Stevenson was visiting Oberlin College, Dr. Yeager enjoyed a personal visit with the presidential candidate. Since that time Dr. Yeager has received correspondence directly from Stevenson. This coming spring Dr. Yeager plans to have his works printed along with a new paper entitled "Stevenson as a Debater."

Although his papers concern only Stevenson at the moment, Dr. Yeager stressed the point that he was impartial towards the presidential campaign. When asked for a prediction, he answered, "It is sealed in an envelope until Nov. 6."

## Campus Commentary

Students Suggest Food Change;  
Tree Disturbs Youthful Dreamer

By HANK JACQUES

The first President's Press Conference held on Monday and the consequent setting of dates for regularly weekly meetings is another step in attaining freedom of the press on this campus and a free flow of information from Dr. McDonald to the student body. We of the B-G News feel that we will be able to give the campus a fuller news-picture through this opportunity.

Congratulations to Ann Potoky, '56, who has been appointed assistant to Dr. Elden T. Smith, director of student life and services.

Money can no longer be coiled dough—dough sticks to your fingers.

JACQUES

Submitted a simple suggestion, "Do something about that coffee," (ever heard that in the Nest, No? try this one) "Take the tennis shoes out of the hot chocolate."

An avid ping pong player and undoubtedly a Phi Beta Kappa in years to come had this to add, "If you want to stop delinquency, get more games. We got in this school 18,000 kids, and only 3 ping pong tables. That's 6,000 kids to a table. We been here two years and still ain't got our turn. We ain't got nothing to do with ourselves and might get into trouble."

It has been noticed that suggestions recorded in this paper last year have resulted in the installation of a cigarette machine on the first floor of the Administration Bldg.

The old story about a tree being something that stands in one place for 50 years and then suddenly jumps into the way of a lady driver has changed hands. It is reported that a young man, unfamiliar with the Bowling Green campus, was driving down the small road behind sorority row a few nights ago. He spotted a few girls and turned his head to wave to them. A large tree implanted behind the Kappa Delta house for many seasons suddenly became firmly implanted in the center of what used to be a nice shiny grill.

"At every home game we, of the loyal Rocket boosters, are subjected to the indignity of rising to our feet to bellow plaintively the strains of an Alma Mater hymn that no self-respecting high school would dream of considering."—University of Toledo Campus Collegian.

Bowling Green students are fortunate in that we don't even know our Alma Mater, which is apparent at all home games, and thus we are not, "subjected to the indignity of bellowing plaintively."

Blessed are the censors for they shall inhibit the earth. And while we're on that subject, Blessed are those that go around in circles, for they shall be called Wheels.

Marv Megison, business manager of the Key, was recently the happy recipient of approximately 50 "I go Pogo" buttons sent by first class mail to him from an anonymous friend.

## RELIGIOUS CLASSES OFFERED

Non-credit religion courses for University students will begin next week under the sponsorship of the United Christian Fellowship and the Lutheran Student Association, Rev. Paul Bock, director of UCF, has announced.

Classes will meet in the UCF House, 243 Thurston.

Light Plane Training  
Will Be Offered To  
Air Force Cadets

Bowling Green AFROTC seniors will receive light plane pilot training at the University Airport next semester, according to Col. Carl G. Arnold, professor of air science. The program, which is designed to motivate greater participation in senior Air Force ROTC and eventual Air Force careers, offers 35 hours of flight instruction and the same amount of ground school.

The course is now offered at 38 colleges and universities and will be expanded to include the remaining 142 institutions within the next two years.

Approximately 16 cadets at Bowling Green will receive the training before June graduation. The University is presently negotiating a contract for three light aircraft between 65 and 200 horsepower for the program.

The training will be operated and supervised by the Civil Aeronautics Administration. Flight instructors will be certified by CAA who will also administer flight checks of cadets and recommend to the professor air science elimination action for the students deficient in flying.

Successful completion of the flight course will qualify the cadets to apply for a private pilot's license.

2 Students To Discuss  
Newspaper Internships

Hank Jacques and Bill Cooper will describe their experiences in newspaper work this summer, at the first meeting of the Press Club, Monday night in the Rec Hall.

The club is open to anyone with an interest in communications, according to Jackie Robson, president. Refreshments will be served at the meeting, and the \$1 dues will be collected.

Nov. 6, the group plans to hold an "election party." Television sets in the Rec Hall and the teletype in the news office will broadcast election results to the members. Reporters will also be sent to the courthouse.

Official  
Announcements

Upperclassmen, who are eligible for pledging, can sign up for rushing in Dean Conkila's office from now until Oct. 3. Rushing will begin on Friday, Oct. 10.

Any student with experience in photography who would care to work on the staff of the B-G News or the Key, please contact the B-G News Office, 315 Administration Bldg., between 12 and 3 p.m. Tuesday.

"I feel like a Coke. Do you?"

Of course. Most everyone does—often. Because a few moments over ice-cold Coca-Cola refresh you so.

It's sparkling with natural goodness, pure and wholesome—and naturally friendly to your figure.

Bowling Green halfback Bill Spencer is shown picking up yardage in the Kent game with Bill Whitley closing in for the kill. Spencer was instrumental in engineering the Falcon victory.

# 154368 Spencer Paces Phenomenal BG Running Game

## Falcons Swamp Defiance, Trip Kent

Averaging 15.9 yards per try halfback Bill Spencer leads the Falcon ground game so far this season. Behind Spencer is Vic DeOrio with an average of 8.5. Spencer who has carried the ball only 11 times has eaten up 179 yards while DeOrio in 21 carries has gained 178 yards.

**Giroux Leads Scorers**  
Leading the scoring department is fullback Jack Giroux who has crossed the goal line three times for 18 points. Brian Lewis and DeOrio are the next two top scorers with 12 points apiece. The Falcons as a team have averaged 45 points per game while the opposition have yet to score upon them.

Doing little passing this year the combination of Don Nehlen, Bill Lyons, and Brian Lewis have managed to complete five of eight aerials for a total of 45 yards. Their main target has been Ed Janeway who has received two tosses for 18 yards.

The team has gained 714 yards for an average of 6.2 yards per try while their opponents have averaged only 1.8 yards per try.

**Kent Streak Broken**  
By holding Kent scoreless last week the Falcons broke a string the Golden Flashes had going of not being blanked since 1951. In the two seasons Doyt Perry has coached the Falcon eleven, BG has yet to be shut out on home ground.

Unleashing a vicious ground attack, Doyt Perry's Falcon eleven soared to the fore in the Mid-American Conference race by toppling rival Kent State 17-0.

The Falcon forward wall, paced by guard Tim Murnen, chalked up their sixth successive shutout on the University Stadium turf.

Kent stubbornly battled the Bowling Green powerhouse until early in the third period. Then halfback Bill Spencer, subbing for the injured Carlos Jackson, broke through the Kent line, veered

across field picking up blockers, and sped to the Kent four. Vic DeOrio toted the ball to paydirt.

On the ensuing kickoff, end Ed Janeway followed with his "Toledo" kick and recovered the pigskin himself. Working into scoring distance, Chuck Perry booted a field goal.

DeOrio's repeated slants over the right side of the Kent line led to the final BG tally. Jack Giroux bulled over from the two.

Bowling Green limbered up for the season, two weeks ago, by

crushing Defiance College with a record scoring splurge of 73-0.

The soggy turf kept Doyt Perry's charges on the ground as they split the Defiance line for 32 points in the first half and 41 in the second.

Virtually every backfield man who entered the game had a hand in the scoring as Jack Giroux and Brian Lewis garnered two touchdowns while Jim Young, Floyd Lennox, Vic DeOrio, Bob Ramlow, Hal Furcron, Bill Spencer, and Eddie Mack added one apiece.

## Gridders Travel To WM, Murnen Out Of Action

By LES WAGNER

Star guard Tim Murnen has just been added to Doyt Perry's injury list and will not see action in tomorrow's game at Western Michigan. The unscored upon Falcons will place their two game winning skein on the line against the mediocre Broncos at Waldo Stadium which seats 15,200.

Murnen is out as a result of an injury received in the Kent State game. Other players confined to inactivity are Jerry Cook, who is out for the season, and Carlos Jackson, whose return to the grid wars has been hampered by a bad back. Murnen will probably return to action for the Drake game but Jackson's immediate return is doubtful.

### Second MAC Game

This will be the second Mid-American Conference game for Bowling Green as they have already topped Kent State. Previously they routed Defiance College.

Western Michigan opened up their season last week by bowing to Central Michigan 14-7.

Bronco coach Jack Petoskey undoubtedly will unveil his best passing attack for Bowling Green. The lone Bronco score at Central came via the airplanes.

### Key Man

Quarterback Dick Barnhill is the key man in the Brown and Gold offense. His understudy is Robert Mason. Junior halfback Bob Long, who was second high scorer of Michigan high schools three years ago, will start along with Bud Breed. Len Schmidt will get the starting nod at fullback.

Captain Bob Soderman will head a revamped line at the center post. John Berryman has switched from end to tackle. The ends are

MURNEN

## MAC Teams Set For Big Weekend

Mid-American Conference teams will be trying to do a little better this week than last, according to Don Cunningham, Publicity Director of the MAC News Bureau.

The conference schedule gets a little heavier this week with two games on Saturday afternoon. Bowling Green will go after its second league win at Western Michigan.

Ohio University returns to its own environment after a trip to Florida State where the powerful Seminoles trimmed the Bobcats, 47-7. Toledo University, still looking for its first win after losses to Eastern Kentucky and Louisville, will give the Bobcats a touch of league competition. Last year the Athens eleven surprised the Rocket team with a 40-13 blasting.

In one of Ohio's top games of the week Miami, with its 10-game win streak broken by George Washington, 7-6, will entertain Xavier. These two teams had real bangup affair last year with the Redskins making it four in a row with a 13-12 win.

## Harriers Prepare For Opening Meet

Bowling Green's cross-country team will open their season next Thursday when they enter the Michigan A.A.U. cross-country meet in Detroit. The team was dealt a big blow this year as it lost their top two men, Fred Price and Dick Farley plus Bob Emmons and Ted Mayberry.

Returning lettermen from last years squad are Bob DeLaRonde, Jack Mortland, and Dan Duricy. Dick Snow, Everett Miller and Ted Thomas, the MAC quarter-mile champion, will vie for remaining posts.

On October 9, the first home meet of the year will be run against Albion, Oberlin, and Ohio Wesleyan.

## Grotto Committes To Begin Work; Opening Date Set For Next Week

The student night club, the Grotto, sponsored by the United Christian Fellowship and the Lutheran Student Association, will re-open on October 5, according to Corwin Hutchison, general chairman.

Entertainment, dancing, and refreshments will again headline the Friday night affairs. The Grotto

will be operated on alternate Friday nights.

The location of the Grotto has not yet been decided, but several offers from local churches are pending. Students are reminded to watch the BG News and bulletin board in the Well for further announcements on the reopening.

The new committee chairmen are William Brannan, publicity; Judith Nichols, host committee; Terry Woodings, personnel manager; Phil Schneider, technical director; Darlene Neuman, secretary; Dorothy Jahn, accountant; and Thelma Madden, entertainment.

## New Head Residents Chosen For Positions At Falcon Dormitories

One fraternity and four sorority houses have new head residents this year. They are Mrs. Elizabeth Upperman, Alpha Chi Omega; Mrs. Mary Garrison, Alpha Gamma Delta; Mrs. Lida Myers, Gamma Phi Beta; Mrs. Thyra Hurst, Phi Mu; and Mrs. Wayne Coombs, Theta Chi.

Mrs. Ruth White, formerly head resident of Gamma Phi Beta house, has moved to Treadway Hall in Founders Quadrangle. Now at Ivy Hall is Mary Howey, who was at the Alpha Gamma Delta house last semester.

Other changes of head residents include Mrs. Herbert Trumbore now at Kohl Hall, Miss Harriett Daniels at Williams, and Miss Dorothy Wright at Shatzel.

## UCF Plans Lawn Party, Picnic; Young Democrats, LSA Meet

United Christian Fellowship is sponsoring a circus party on the back lawn of the UCF house tonight from 7 to 9 p.m., the Rev. Paul Bock, director of UCF announced. There will be games, dancing, and food for all. Freshmen as well as upperclassmen are invited.

A church-sponsored picnic for University students will be held Sunday, Sept. 30, in the Bowling Green City Park.

The activities will begin at 4 p.m. with volleyball, badminton, shuffleboard, and softball games. At 5 p.m., the meal will be served.

Food for the event is being provided by the following churches: First Methodist, First Presbyterian, First Christian, Trinity Evangelical United Brethren, St. John's Episcopal, and Plain Congregational Christian Church.

Following the supper, a short program of group singing, entertainment, and introductions will be provided by the students of UCF, the Rev. Bock said.

### Lutheran Student Association

"What is Christianity" will be the topic of discussion at the Lutheran Student Association meeting Sunday, Sept. 30, at 6 p.m. The speaker will be the Rev. Hackenbush, pastor of the Holy Trinity Church in Toledo. The meeting will be held in St. Marks Lutheran Church.

### Young Democrats

An organizational meeting of the Young Democrats will be held Wednesday, Oct. 3, at 7 p.m. in the Gate Theatre. All new students are invited to attend, according to Charles A. Barrell, club adviser.

## Theta Chis To Honor Mrs. Wayne Coombs

A reception will be held for Mrs. Wayne F. Coombs, the new head resident of the Theta Chi House, from 2 p.m. to 5 p.m., Sunday, Sept. 30. Each fraternity, sorority and residence hall will be represented by its head resident and one representative.

Serving coffee will be Mrs. Ralph McDonald, Mrs. Arch B. Conklin and Mrs. Kenneth McFall. Punch will be served by Mrs. Ralph Harshman, Mrs. Elden T. Smith and Dean Florence Currier. Mayor Lorin Janzer also has been invited.

The reception will be held on the lawn of the Theta Chi House, weather permitting.

## Pikes Elect Officers

Pi Kappa Alpha officers for this semester are Ronald Walsh, president; Allen Easterwood, vice-president; Ralph Jones, secretary; Robert Kelly, treasurer; Donald Hosmer, kitchen steward; Peter Gerace, house manager; and Richard Gibson, historian.

# Q. Why Are Viceroy's 20,000 FILTERS Made From Pure Cellulose?

# A.

Because cellulose is a soft, snow-white material... the same pure, natural substance found in many of the good foods you eat every day.

Only the exclusive Viceroy tip contains 20,000 tiny filters made from pure cellulose—soft, snow-white, natural—twice as many filters as the other two largest-selling filter brands. That's why Viceroy gives you...
